LEGISLATION TO IMPROVE AND  
SIMPLIFY HOSPITAL OUT-  
PATIENT DEPARTMENT BIL-  
LINGS UNDER MEDICARE

**HON. FORTNEY PETE STARK**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 21, 1997*

Mr. STARK. Mr. Speaker, I am introducing a bill which would provide for the revenue neutral payment of self-administered drugs furnished as part of a hospital outpatient department [HOPD] service under the prospective payment system currently being developed for HOPD's.

The Balanced Budget Act passed this summer starts the slow reform of HOPD payments by establishing a prospective payment system [PPS]. This PPS is designed to bring some control to the rising costs of these services and to ensure that the patient only pays 20 percent of the total cost of the HOPD service. Currently, Medicare beneficiaries are paying about 47 percent of the total cost of these services—far above the normal 20 percent Part B copayment. Unfortunately, the HOPD fix will take over 20 years to achieve. The long phase-in was due to the cost of the fix to the Medicare trust fund plus its impact on hospital revenues.

PPS system will include most of the costs of seeking treatment in an HOPD. But it will not cover the cost of self-administered pharmaceuticals—such as Tylenol 3—administered in the HOPD, since Medicare generally does not provide insurance against drugs which can be taken without the aid of a doctor or medical staff. Thus in addition to sending the patient a bill for the 20 percent HOPD copayment, the hospital will need to send the patient a separate bill, often for a rather small amount, to collect the charge for the drug.

The American Hospital Association has suggested that this is just an extra wave of paperwork and that the cost of such drugs should be included in the total cost of the procedure as determined under the new PPS system. Just as pharmaceutical drugs are covered under a hospital inpatient admission under the DRG PPS payment system, so should HOPD self-administered drugs be covered under the new HOPD PPS system. The legislation provides that this consolidation of bills will not increase the total cost of the procedure. In other words, the hospitals would rather absorb the cost of the drug in the current cost of the procedure than endure the paperwork hassle of separately billing for small amounts.

This proposal was sent to the BBA conferees very late in the process, and it was not included because more time was needed to consider it. I think it is a simple, straightforward proposal to simplify the life of patients and hospital accountants, and I hope we can include it in the next Medicare bill that is considered by the Congress.

WORLD POPULATION AWARENESS  
WEEK

**HON. SAM FARR**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 21, 1997*

Mr. FARR of California. Mr. Speaker, I ask my colleagues to recognize October 26 through November 1, 1997, as "World Population Awareness Week". The purpose of this week is to educate the public about the impact of overpopulation on our resources and environment. Many communities have issued proclamations and I want to commend the Santa Cruz County Board of Supervisors and the mayor of the city of Santa Cruz for their recognition of this important week.

Family planning programs are critical in our efforts to reduce population growth, protect the environment, assist in the sustainable development of poorer countries, and improve the health of women and children. Without such programs, the population of the Earth will double within our children's lifetimes—and many scientists believe our present world population of 5.8 billion may already be reaching the limit that our planet can sustain.

World Population Awareness Week will teach and inform the global community of the need to bring the world's population into balance with the Earth's resources and environment. The world's population continues to grow by almost 90 million a year, mostly in underdeveloped nations, but population growth concerns developed nations as well. A citizen of the United States uses far more resources and energy than a citizen from an undeveloped nation. In order to ease the pressures human development puts on our fragile environment, we need to adopt sustainable development practices. The World Commission on Environment and Development, The Brundtland Commission, in 1987 defined sustainable development as the ability " \* \* \* to meet the needs of the present without compromising the ability of future generations to meet their own needs."

I think sustainable development can be expanded to include preserving the integrity and beauty of the natural environment for enjoyment of current and future generations, economic vitality, human health and well-being, and community prosperity and social justice. As we recognize World Population Awareness Week, we must be mindful of the need to adopt sustainable development initiatives to balance our planet's dwindling natural resources with our population growth so that future generations can prosper.

A TRIBUTE TO EULA KAY BURRY  
BRIGGS

**HON. CHARLES H. TAYLOR**

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 21, 1997*

Mr. TAYLOR of North Carolina. Mr. Speaker, I would like to take a moment to recognize the life of an outstanding individual who spent most of her 83 years in my district. Mrs. Eula Briggs was born in Greenville County, SC, but moved to Madison County, NC, when she was 14 years old. At the age of 18 she married

Clarence W. Briggs and reared three sons, all of whom she was very proud. Lee Roy, the oldest, taught school for a while before going to work for the Agricultural Stabilization and Conservation Service. Bruce earned his law degree, served as a State senator and also as a superior court judge. Her youngest son, Bill, worked several years, for the State of North Carolina and is currently the Madison County clerk of court.

As a member of the Madison County Republican Women's Club, Mrs. Briggs was presented the Woman of the Year Award by the North Carolina Federation of Republican Women in 1987. She was the last charter member of Calvary Baptist Church in Mars Hill where she was active in the Women's Missionary Union and taught the nursery Sunday school class for many years. She was affectionately called Granny Briggs by all in the church.

Mrs. Briggs passed from this life on September 23, 1997. During her life she was a homemaker and devoted to her family, church, and community. She worked diligently to see that all of her sons received a college education, and she was adored by her five grandchildren, Ashley, Grayson, Kelli, William, and Lydia. She was indeed a virtuous woman as described by King Solomon in Proverbs 31, " \* \* \* Her children arise up, and call her blessed \* \* \* a woman that feareth the Lord, she shall be praised \* \* \*."

CONGRATULATING THE CLAY  
COUNTY HIGH PANTHERS

**HON. BOB RILEY**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 21, 1997*

Mr. RILEY. Mr. Speaker, I rise today with enormous pride to congratulate and commend my hometown football team, the Clay County High School Panthers, on breaking the Alabama record for the most consecutive wins in high school history. This 2A classified team, with 42 players, claimed their 51st straight victory on Friday night, October 17, over Reeltown High School with a score of 43 to 16.

This victory is an enormous credit to the CCHS football team, as well as to their parents, the cheerleaders, the band and the student body, who have taken part in making this success possible. As a former player for the Panthers myself, I can appreciate the amount of work and sacrifice these young men have had to make in order to achieve this goal and applaud all their efforts in reaching this point.

Regardless of what happens in each of their lives, this is an honor and a memory that no one will ever be able to take away from them. I would also like to commend the Clay County High School coaching staff: Coaches Danny Horn, Jerry Weems, Garey Reynolds, Chris Herron, Chuck Freeman, Steve Burkhalter, and Bradley Cline. These men have molded each of these players into exceptional athletes and taught them the importance of teamwork, loyalty, dedication, and drive. And once the crowds stop cheering and the band no longer plays, it will be these lessons that will shape these teenagers into the men they will become. The Panthers have made their school, their coaches, and their entire town swell with
